BmE7created man for fellowship and love

Α

Praise to the glory of your grace, in demand and on display Em Turning darkness into light, with the dust creating life A Formed the earth in seven days, cleansed it then with flood and rain Em Sheltered Noah in the ark, giving mankind a fresh start again Em Your Grace

Who maketh me to differ from another What do I have that I have not received Who knit me in the belly of my mother And knew me long before I was conceived

> Praise to the glory of your grace, in demand and on display Calling Abram to a land to bring your kingdom down to man Wrestled Jacob in the night, Israel born out of the fight David's seed would one day bring an everlasting Lord and King

By this I have been saved and I'm forgiven And not of works lest any man should boast You sought me out when I sought the forbidden When I did not love you, you loved me first

> Praise to the glory of your grace, in demand and on display Came to earth as none before, Son of God and virgin born Modeled goodness, love, and peace, pure and holy, strong, and meek Spotless Lamb and sacrifice, died a death that brought us life again

Bridge: Bm E So many headed.....for destruction Bm E7 Now acceptedas Beloved Bm E What but grace could....make the difference Bm E7 Can't deny it.....can't resist it

Α

Praise to the glory of your grace, in demand and on display Em A How we it need more and more, so we stop and thank you Lord.
